Bundschu's Report To Grape Growers

Details Account of Ground Gone Over and Conferences Held While East

The following letter was sent to C. E. Humbert of the Sonoma Co. Protective Association by C. E. Bundschu, Sonoma County's viticultural representative at Washington. It details the work done in behalf of the relief sought by the grape growers at the national Capitol and was read at the Healdsburg meeting recently.

"I understand that on Saturday you are going to have a meeting of the Grape Growers of Sonoma County so as to organize the Sonoma County Grape Growers, and, as suggested by you it would be very appropriate for me to make a report on my trip to Washington. I wish to state right there, however that it is impossible to make any any report as to what relief Congress will finally give us. I will give an account of the trip and what we have done in Washington.

The committee was composed of Mr. E. M. Sheehan, Secretary of the State Board of Viticultural Commissioners, Mr. M. J. Madison President and Manager of the California Raisin Association, representing the raisin growers, Mr. H. E. Welch of Lodi, representing the table grape and Sweet Wine growers of that district, and Mr Albertz and myself, representing Napa and Sonoma Counties.

We left San Francisco Monday afternoon, Nov. 29th, and went straight through to New York, stopping over in Chicago only 3 hours. We arrived in New York at 9.30 on the morning of Dec. 3rd. Here we were met by a large delegation of eastern wine growers. Our committee, upon arrival, was advised that a meeting or conference had been arranged at the Waldorf-Astoria for ten o'clock that morning, so that the eastern grape grower and the California committee could come together to discuss the problem that was before us. At this conference, which was presided over by Mr. Hiram Dewey, President of the American Grape Growers Assn. and Mr. L. J. Vance acting as Secretary, our committee had an opportunity of explaining exactly the object of our trip to Washington, and to express our desire of working in harmony with the eastern grower. Each one of the California committee described in detail how the present Emergency War tax affected the industry here in California. Our meeting lasted from ten in the morning until half past eight in the evenihg. Lunch was served in the committee room, so that there was no loss of time, and the discussions were most interesting. After our committee had given its views, we were immediately assured by the grape-growers of New York, New Jersey and Virginia, that we could count on their hearty support in whatever measure we proposed at Washington.

At this point of the discussion, representatives from Ohio and Missouri, however, made a plea that the present regulations of the pure food department prevented them from making wine. They explained to us that, owing to the high acidity in grapes, it was necessary to add sugar and water. According to the present ruling, they are allowed to add 20 per cent of either one or the other, but not both; they want to be allowed to add unlimited amounts of both sugar and water. This was not new to us, because we know that every committee that had gone east to confer with the eastern growers were confronted with this problem. We were very much interested in hearing the views of the various growers and wine makers from Missouri and Ohio, and they promised that if we would assist them in getting a new definition for "wine," they would give us their support in our fight to get a lower rate on brandy used in fortifying and also a reduction of the 8 cent tax on dry wines.

(To be continued.)

The "Busy Widow" Musical Comedy Company will appear at the Don Theatre on Thursday and Friday evenings, February 3rd and 4th. This is a sparkling show and comes highly recommended.

The final arrangements were perfected at an enthusiastic meeting Wednesday night at the club rooms where forty members were present to discuss the fine affair, proceeds from which will enable the boys to acquire their athletic apparatus and furnishings for the club rooms.

The music tonight will be a special feature. The Allegro Club Orchestra, numbering ten pieces will play the latest numbers, including several new Charlie Chaplin rags. The orchestra will comprise the following:

Messrs F. Knolle, R. Pauli and R. Busby, violins; Messrs A. T. Jansen, E. W. Gottenberg, C. Johnson, cornets; K. Hahn, trombone; A. J. Bailey, clarenet, F. J. Hansen, drums; J. C. Jansen, piano.

Refreshments will be served by the club.

ACTION TO QUIET TITLE

Lolita Schweitzer, Grace Brothers and others have commenced action in the courts of this County to quiet title to land against Granville P. Swift et. al. Swift was the original owner of the big ranch and built the stone mansion now being rehabilitated on the property. The story goes that he married a girl of simple rustic tastes who prefered rural pursuits to playing the lady, and that Granville Swift sought to make her realize her position of affluence by erecting the $50,000 mansion for her. It is said however that she clung to her simplicity and refused to be a grand dame even in the mansion.

Wm. Otten of Napa has bought the Knolle place on Broadway which he will conduct as a poultry ranch. The Knolles have taken the Roberts' cottage on Broadway.

MAKES BREAK FOR CIVILIZATION

Mrs. Ramona Granice Lynch, fearing further encroachments of the severe winter in the mountains of Mendocino County, set out on foot one day last week accompanied by her husband for the railroad nine miles distance and experienced a hard struggle in making the trip over the deep snow covered trail from their cabin to Two Rivers.

After reading the account of the severity of the storm there, Mrs. Fetters of Fetters Springs offered to send a relief party to assist Mrs. Lynch in getting out of the mountains. Her kind offer however was unneccessary, as the journey on foot had already been taken by the intrepid young girl.

(These are the facts in the case despite the garbled statements of Lutgens brothers, who failed to verify any part of the account they published which is characte istic of them and is not the first instance of false statements from that source.)

In writing of her experiance she says she hopes she will never have to walk through snow again as long as she lives. She reached the end of her destination in pretty bad condition due to the cold and exposure and for a day or two was threatened with illness. Good care at the hands of friends in Dos Rios restored her however, and Mr. Lynch returned to the ranch where he will attempt to spend the rest of the winter regardless of hardship. He is a rugged type of young mountaineer and is hunting and trapping despite the weather. Mrs. Lynch will wait the coming of Spring before taking up life on the claim again.

Card Of Thanks

It is with the deepest feeling of gratitude and appreciation that we herewith extend thanks to the many kind friends and neighbors and particularly to the Order of Eastern Star for the many acts of kindness and tokens of sympathy extended to us during the last illness and death of our beloved mother.

MR. AND MRS. CHAS. CUTTER.

TRAVELING AGENT CHARGED WITH FRAUD

John Decanini is not pressing his suit as he thought he might be when he paid $7.50 down on a $30 suit of clothes which were to be made to order and delivered before he paid the balance due. The globe salesman who took the order several months ago never came through with the clothes but he came through town again Thursday, whereupon a warrant was sworn out charging him with obtaining money under false pretenses and Decanini pressed the suit in court. The agent gave the name of J. C. Thompson and his defense was that he had sent in the money to a fellow salesman who failed to turn it in with the order to the Chicago firm they represent.

Judge Small after a hearing sent him up for thirty days.

SCHOCKEN SUES TO RECOVER

Solomon Schocken of Sonoma is the plaintiff in an action against Mary Foley as administratrix of the estate of the late Anna Habinger, deceased. Attorney Frank A. Cromwell represents the plaintiff.

The action involves two promissory notes, one dated at Sonoma February 3, 1910, for $1000, and the other dated at Sonoma January 10, 1913 for $600. These notes were signed by Josef Habinger and his wife, Anna Habinger, and were secured by two mortgages on lot 5, block C, of the town of El Verano.

The complaint recites that Josef Habinger passed away April 17, 1914, and that thereafter his property was set aside as a homestead to the surviving spouse. On her death in San Francisco October 14 1915, Mary Foley was appointed administratrix of the estate.

Violet Bordson Little Hostess

Little Miss Violet Bordson was hostess to a number of her playmates last Friday in honor of her sixth birthday. Games and feasting were the order of the afternoon which proved most enjoyable to the little folks. Those present were Elizabeth Lewis, Vesta and Countess Prestwood, Evelyn Peterson, Stella Wade, Dorothy Rich, Edwin Burmeister and the hostess. The decorations were all in pink and the birthday cake gleamed with six little candles much to the delight of the children.

WANTS BRIDGE PRO TEM

A movement is on foot in the Valley to get sufficient funds to throw a temporary bridge across Petaluma creek at Black Point pending the construction of the $85,000 bascule structure in order that motorists may take advantage of the short cut to this Valley immediately after the installation of the new ferry service via Sausalito. After the approaches are built it is thought that a temporary bridge might span the creek pending the permanent State Highway improvement.

Should this prove impracticable a system of ferrying machines across may be inagurated.

Red Men Hold Joint Installation

Fine Ceremonies and Banquet Mark Event Saturday Night Last---Grand Officers Present

Sonoma Lodge, No. 293 United Order of Red Men and Bear Flag Stamm No. 31 united in installing their officers and in banqueting their Grand Chiefs and members Saturday night. It was a highly successful affair in which 90 or 100 participated and attests the interest and enthusiasm which has made the two lodges known throughout California. Despite the rain, a large delegation came up from San Francisco and all expressed themselves as glad to be in Sonoma again which has established a reputation for hospitality and loyalty to the Order. Those present from the Grand Lodge were as follows:

Gross Ober Chief, J. V. Appel;
Gross Bie Chief, J. Schaefer;
Gross Priester, J. Bentele; Gross Schriftfuhrer, M. Fuetcher; Gross Schatzmeister, F. R. Schwartz;
Gross Marschal, H. Robeck; Past Chief Wedel, in addition Mr. and Mrs. Johnson, Mrs. Roebeck, Mrs. Drews, Mrs. M. Fuetcher, Mrs. J. Braunbeck were also visitors from San Francisco;

Officers of Sonoma Stamm No. 293. Ober Chief, H. Heuer; Unter Chief, O. Schumann; Bie Chief C. Schrimpp, Priester, C. Weishaar; Schriffuhrer, G. Wolf; Schatzmeister, H. Lutgens; Krieger, Trappe; Zeltwachter, J. English; Waldwachter, Demond; Verwaltungsrathe, B. Meyer, F. Joost, F. Helberg.

Officers of Bear Flag Stamm No 31.
Ex. Presidentin, Mrs. A. Kerner.
Presidenten, Mrs. A. Moebes.
1st V. Presidentin, Mrs. R. Randolf
2nd V Presidentin, Mrs. B. Rehaag
Schriftfuhrerin, Mrs. J. Steiner.
Schatzmeisterin, Mrs. W. Schaefer
Fuherein, Miss J. Steiner.
Innere Wache, Mrs. E. Colli
Aeusere Wache, Mrs. C. Joost.
Verwaltuugsrathe, Mrs. L. Lutgens, Mrs F. Adler and Mrs. E. Abele.

After the installation the banquet at Odd Fellows Hall followed, and here the ladies of the Order did themselves proud, for the decoratrons were most beautiful with the German and American colors draped artistically amid evergreens and the lettering Welcome which greeted the guests upon their entrance to the banquet hall. The tables which seated the entire number of guests at once, were arranged under the professional supervision of August Moebes of Heidelberg fame, and laden with tempting viands and sparkling vintage presented a long to be remembered picture. Here jollity and goodfellowship reigned supreme with speech making and singing, the time passed most enjoyably.

The Stamm quartet composed of Messrs Balderburg, Schaefer Wulff and Schuman rendered some splendid selections and there were speeches by the Grand officers, by Mrs. Moebes, past president of Bear Flag Stamm, Mrs. Steiner, Mr. Moebes and Mr. Chas. Spindler, the latter acting as toast-master. A pretty feature of the evening was the presentation to Mrs. Steiner of a handsome lavelier for her untiring work as secretary of the local Stamm. The lavelier was of gold set with topaz and pearls, and was presented by Mrs. Moebes in a well chosen speech and acknowledged with deep appreciation by the Secretary.

Dancing followed the feast and continued until 5 a m.

So pleased were the Grand officers with the work of the two Sonoma lodges and so appreciative of the hospitality accorded them that they promised to do every thing within their power to bring the Grand Lodge here two years hence and the annual picnic of the entire Order this summer. As the latter would mean the coming of about 400 people to our Valley, the idea was received with the greatest enthusiasm. The visiters from the Grand Lodge were registered at the Union during their stay here and mine host Koenig came in for his share of praise at the hands of the visitors.

The men from the Grand Lodge returned home Sunday morning but the ladies of the party remained throughout the day and were the guests at various homes throughout the Valley for afternoon coffee before their leavetaking for San Francisco.

A SAD MISSION

Julius Fochetti, Jr., was called to Los Angeles Thursday on account of the death of his brother-in-law, Preston I. Belth.

Deceased was the husband of Mamie Fochetti and his death is a sad blow for the young wife whose many friends here sympathize with her in her bereavement.

Death was due to an attack of appendicitis.

A Heart to Heart Talk

We want to have a little heart to heart talk with you, Mr. Business Man—not in your place of business where dozens of ideas are criss crossing in your brain, but in your leisure where the merit of what is set forth to you will have a fair chance to register. Those of you who advertise and spend money with the Index-Tribune are doing a lot more than doing yourself and your business direct good—you are making it possible for the whole Valley to grow, for the newspaper in a community is the most consistent and real promotion organization there is. It is on the job all the time; answering inquiries, sending out sample copies concerning the locality, launching enterprises, imbuing people with progress, in fact working constantly for community growth and interest. When you show faith in your community by patronizing the paper most capable of doing this work you are in line for bigger business, you are destined to be a factor in the quickening of the enterprise about you. Newspaper patronage does not always mean that so many more customers are going to come through your door. Some ads do that but there is a more far seeing purpose in the mind of the shrewd business man who realizes the ultimate good a newspaper can do him and his community. We may not always agree with every thing in the paper but its fundamental purpose should never be lost sight of.

Those who declare advertising has never done them a bit of good are talking folly. They do not know the good it did do them or just how or in what form results came back. Perhaps they have not made the most of the opportunities created by the newspaper. Has your business grown in proportion to the community? If not, why not?

If you are a consistent booster, if you talk enterprise and want progress, you must advertise.

Put your home paper in a position to do the work that a concentrated promotion body, such as it really is, can do more effectively, more untiringly, more obviously than any one else.

Get direct results if you can through well worded backed-up-by-the goods ads, but do not overlook your duty to your newspaper as a medium of progress.

Throw Valuable Light on Water Problem

The following reports from Cloverdale and Vallejo, show with what success and satisfaction municipal water plants have been operated in other places. As Sonoma is confronted with the water problem these accounts will be of timely interest.

No doubt Sonoma has just as clever business heads who would be able to handle a public utility with equal success.

MAKES GOOD SHOWING

Vallejo Municipal Water System Pays Big

VALLEJO, Jan. 6.— The city of Vallejo made a splendid investment when it acquired the municipal water system, as is shown by the fact that during the twenty-two years the water system has been in operation it has earned for the municipality a gross profit of almost half a million dollars, the profit from 1893 to June 30, 1915, being $494,186.08.

And aside from the money the water system has earned for the municipality, consumers have enjoyed a much lower rate than when the Chabot Water Company was furnishing the fresh water consumed in Vallejo.

WATER WORKS RUN AT PROFIT 10 YEARS

Cloverdale "Knows How" to Operate Public Utilities

Superintendent of Public Utilities F. P. Connor has filed the annual report of his stewardship of the municipal water works with the board of town trustees. This is the tenth annual report Mr. Connor has made, dating from the time the town took over the Water Companys plant in 1906. The figures show that last year the plant made a net cash profit of $1,141.41 which is smaller than that made in previous years, owing to the purchase of land and other expenses in improving the plant. Every year since the town took possession of the water works a profit has been returned upon the investment Notwithstanding a substantial profit to the municipality, the consumers have been given a reasonable rate, 15 cents per 1000 gallons, with a minimum monthly charge of $1. Probably one reason for the good showing made by the plant is the fact that nearly every consumer has a meter, which is an effective means of stopping wastage.

(Cloverdale Reveille.)

Back in Pennsylvania they can have quail on toast only during a two weeks open season from October 15th to November 1st. There will soon be a closed season for toast if we carry this conservation business much further.

Caviar is to be manufactmred in San Francisco by a Russian expert. But what are we to do for a fitting accompaniment if the state goes dry?

Washington's dry law has driven the Alaska shipping business back to San Francisco. Let us hope we will keep it.

Mrs Theo Richards was in San Francisco Monday on business connected with her new hotel.

The Sonoma Percheron Horse Company met last Friday to settle up the affairs of last season. WOMAN'S CLUB NOTES

The club parlors in the Schocken building were almost filled last Friday afternoon by members and friends of the Woman's Club who came to hear Mr. Richard Borst of the High School Faculty, gave a most interesting and scholarly talk on the "Modern Georgian Poets," interspersed with several readings from their more characteristic productions. While placing Alfred Noves in the first rank, with John Masefield a close second and other British writers closely following, Mr. Borst gave a high standing to Ina Coolbrith and Edwin Markham, bards of whom California may be justly proud.

Mrs. F. T. Duhring gave an informal talk on her recent trip to San Diego Exposition and an interesting afternoon spent at the Theosophical School at Point Loma.

Mrs. M. Chase was the afternoon's hostess and her guests were bountifully entertained,

On Friday, February 4th the Club will hold its Primary election. All members are urged to attend.

Granice's Widow Served With Papers to Compel Settlement of Estate

Citation papers were served on the widow of the late H. H. Granice at her apartment in San Francisco this week to compel her to appear in the Superior Court of this county at 10 o'clock next Monday to show cause why she should not settle up the estate of which she is administratrix. No accounting having been given and many creditors being interested, the attorneys for the children of the late editor, J. W. Ford and Thos. Boyd, took steps to close up the affairs of the estate. The papers citing the administratrix to appear were served by Wm. Ashe, former constable of Glen Ellen township.

The fine heating system is now fully installed and in working order so that every room is as comfortable as a San Francisco hotel. Meanwhile parties of motorists continue to make the big resort a mecca for week end parties. Last Saturday and Sunday some prominent residents of Suisun were among the guests.

Mrs. P. Bosh spent the week end in San Francisco the guest of her daughter.

LOST TWO VALUABLE HORSES

Millerick Brothers, who have about sixty head of horses pastured up in Lovall Valley, had the misfortune to lose two thoroughbred mares last week While on a tour of inspection of their stock they discovered that one fine animal had fallen into the creek while another had evidently died from the effects of a stray shot which penetrated the animal's head just back of the ear.

FINE DRAINAGE SYSTEM

The remarkable condition of the 4000 acres sown to hay on the big Jones ranch which after the unusually heavy storms of this season has just the proper amount of moisture and is making a fine green growth, is due to the splendid drainage system and pumping plant which is kept in fine working order by Chris Sievers and keeps the land, which is actually below sea level, in better condition than higher acreage in other sections of the county.

Joe Keechler, foreman of the ranch, is proud of the outlook, for the hay yield on this ranch in 1916 bids fare to eclipse that of last year when the yield was 14000 tons.

Not withstanding the enclement state of the weather, quite a number of visitors from the bay city were the guests of friends the week end.

Eureka! We have found it. No! We did not but our well known citizen, Louis Roquie, did. While screening some sand to mix concrete on his property, Vineyard Villa, he discovered gold dust and succeeded in extracting enough to prove it was the genuine goods. This is no ghost story as Messrs Henry Forni, Louis Martin and Vincent were witnesses and present at the time Salute Golden Vineburg.

F. Nichelini, the well known hardware merchant of Sonoma, exchanged greetings with his old friend Jim Small on Tuesday last. Both were school mates back home in Switzerland but it is a long time ago.

Luke Roth of Buena Vista has just completed an up-to-date baking plant on his orchard near that place. The building is of concrete and is built to stay The oven is equipped with all the modern improvements with a baking capacity of between 500 or 600 loaves of bread daily. Mr. Roth is a practal baker and has had years of experance in that line of business and will be out for business in the near future. Now will we encourage home industry or will we not. Time will tell.

Miss Myrtle Hardy is having a delightful visit in Oakland.

EASY JIM.

Many in Sonoma praise the simple mixture of buckthorn bark, glycerine, etc., known ae Adler-i-ka. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Adler i-ka cannot gripe and the INSTANT action is surprising.
